

Rodrigo Malagón

Mathematician | Data Scientist | Modelling Analyst

+34 672 83 10 87 | rodrigo.malagon.rodriguez@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

Experience

Erasmus Mundus Master in Geospatial Technologies, Castelló de la Plana, Spain

Grant holder | 09/2023 – 03/2025

- Developed Machine Learning [models](#) to forecast the consumption of electricity in the military facilities of the UN in Sudan (**SQL, R, Git**) and flood classification [model](#) with Deep Learning (**QGIS, R, Keras, TensorFlow**).
- Specialisations: Data Science, Machine Learning, Statistics (**Python, R**), Databases (**SQL**), Web Programming (**JavaScript, HTML, CSS**), and GIS (**ArcGIS, QGIS, PostGIS**).

Nielsen, Mexico City, Mexico (Remote)

Modelling Analyst | 10/2022– 08/2023

- Implemented **machine learning modelling (SAS, R, Python)** to drive insights from media and sales time series for US and EU clients leading the CPG sector through attribution models (Unilever, Johnson&Johnson, Ferrero).
- Translated model results to benchmark marketing **KPIs presented** to the client (**Power Query, Excel**), to measure the impact of their marketing strategies.
- Collaborated with **international teams** (data processing, modelling, and customer success teams) across multiple projects.

Universidad de Sevilla, Seville, Spain

Undergraduate Researcher | 09/2021– 12/2021

- Conducted undergraduate thesis **research** at the Department of Geometry and Topology.
- Presented results at a weekly seminar held at the university.

Universidad Nacional Autónoma de México, Mexico City, Mexico

Assistant professor | 08/2019– 09/2021

- Taught Differential & Integral Calculus I-III at the BSc. Mathematics.
- Prepared and presented class material. Graded exams and assignments.

ITAM, Mexico City, Mexico

Undergraduate Researcher | 06/2019– 09/2019

- Conducted **research** at the Mathematics Department on Geometric Measure Theory.
- Presented results at the 52nd National Congress of Mathematics.

Education

Universitat Jaume I, Spain; Universität Münster, Germany; Universidade NOVA de Lisboa, Portugal

MSc. Geospatial Technologies | 09/2023 – 03/2025

- Grade: 9.24/10.00.
- Specialisations: Data Science, Machine Learning, Geostatistics, Databases, Web Programming, and Geospatial Analysis.
- Projects:
 - [Flood modelling with Convolutional Neural Networks](#) (**R, QGIS**)

- [Analysis of economic gender inequality in Latin America](#) (Python)
- [Deep Learning and Geostatistics model for energy consumption with IoT devices](#) (SQL, R).
- [Deep Learning prediction model for pollution sensors in Castelló de la Plana](#) (R)
- [Madrid pollution quarter-level trend assessment in 2023](#) (R, ArcGIS)
- Bejeweled Web [Videogame](#) (Javascript)

University of Bristol, United Kingdom

Visiting Student | 01/2020 – 07/2020

- Grade: First.
- Specializations: Partial Differential Equations, Logic, Number Theory.
- Membership of the Bristol Data Science Society.

Universidad Nacional Autónoma de México, Mexico

BSc. Mathematics | 08/2016– 10/2022

- Grade: 10.00/10.00.
- Specialisations: Mathematical Analysis, Probability, Statistics, Programming, Vectorial Mechanics, Partial and Ordinary Differential Equations, Topology.
- Thesis: [Morse Homology and its Applications](#).

Technical skills

- **Programming languages:** Python, R, SQL, JavaScript, HTML, CSS.
- **Software and tools:** Google Colab, Google Suite, Jupyter, Git, FME Form and Flow, Tableau, ESRI products & QGIS.
- **Skills:** Data analysis, Machine Learning, Artificial Intelligence, Deep Learning, Statistics, ETL, Web Development, Geospatial Analysis and GIS.
- **Languages:**
 - Spanish (Native)
 - English (C1) - IELTS Academic (2022), CAE (2016)
 - Catalan (B2) - Institut Ramon Llull (2023)
 - French (B2) - DELF B2 (2023)
 - German (B1) - Goethe Zertifikat B1 (2023)

Certifications

- *Datacamp:*
 - Pre-processing for Machine Learning in Python (02/2025)
 - Intermediate Importing Data in Python (02/2025)
 - Introduction to PySpark (02/2025)
 - Introduction to Docker (02/2025)
 - Introduction to Git (02/2025)
 - Understanding Cloud Computing (02/2025)
- *Conterra GmbH*
 - FME Form and FME Flow (10/2023)
- *ESRI*
 - Classifying Objects Using Deep Learning in ArcGIS Pro (02/2024)
 - Visualizing Data Using ArcGIS API for Python (02/2024)
 - ArcGIS Survey123 Creating and Publishing Surveys (10/2023)
 - ArcGIS Pro Basics (10/2023)
 - Using GIS to solve problems(10/2023)

Update: February 2025
